

Dear Nupur,

I'm delighted to welcome the Foundation Frison Horta in Le Dimore del Quartetto network.

With your participation, you will fuel an international network sustaining both the cultural heritage and the new generation of musical talents. Together, we can bring chamber music back to those places for which it was conceived and open the beauty of spaces and music to an ever-increasing audience.

Our hope is that your Foundation, with its history and the area to which it belongs, can be enhanced by becoming a cultural landmark for the local community.

We are at your disposal to develop new ideas and to create new connections, our community is active, and your contribution will be valuable.

A warm greeting and see you at the next concert!

Francesca Moncada di Paternò
